CIRCULAR, No. 918.

WAR OFFICE, 31st October, 1843.

SIR,

I have the honor to transmit herewith Copies of Her Majesty's Warrant of the 11th October, 1843, for establishing and regulating Regimental Savings Banks.

With the important object of encouraging habits of prudence and economy in the British Soldier, and thereby of diminishing as much as possible all temptation to intemperance, and its consequence, insubordination, the Regimental Savings Bank will afford to every Soldier the means of profitably depositing his small Savings, whether at Home or Abroad, under Government Security, and will at the same time give him every practicable facility of withdrawing his accumulation whenever he may require it for any useful purpose.

You will observe that the Warrant has directed, that the pecuniary transactions, as regards the Savings of the Soldier, shall take place, according to the established principle and usage of the Military Service, in the same manner as all the other Regimental Money transactions of the Men are now managed, and that the deposit which a Soldier may wish to make in the Regimental Savings Bank will be received by his Captain, who will account Monthly for such Deposit with the Regimental Paymaster, under the same control of the Commanding Officer which is now so beneficially exercised over all the other pecuniary concerns of the Regiment.

This adherence to the system now working so simply and advantageously with respect to all the other Accounts of the Soldier, will afford an effectual protection to the interest of the Depositors, and give to the Public full security that the receipts and payments shall be properly accounted for.

I trust that the earnest desire manifested by Her Majesty to promote the welfare of the Soldier will be fully appreciated by the Officers of the Army, and that they will use their influence to encourage the Non-Commissioned Officers and Men under their Command to avail themselves of the opportunities thus afforded to them of accumulating their Savings, will explain to them the advantage they will derive by becoming Depositors, and will give them every facility in making their deposits agreeably to the Provisions of the Warrant.

I have the honor to be, Sir,

Your most obedient humble Servant,

Officer Commanding
the Regiment.

(Signed) H. HARDINGE.

No.
29WARRANT FOR ESTABLISHING AND REGULATING
REGIMENTAL SAVINGS BANKS.

Dated 11th October, 1843.

VICTORIA R.

WHEREAS it has been represented to Us that it is expedient to afford to the non-commissioned officers and soldiers of Our army facilities for depositing

their savings : Our will and pleasure is, that there be established in every Regiment and Depôt of Our regular Cavalry and Infantry a Regimental Savings Bank for the safe custody and increase of such savings, and that the following regulations shall be observed and obeyed wherever Our Troops may be serving (the territorial possessions of the East India Company alone excepted), as Our sole authority for the establishment thereof, viz :—

I. That officers commanding troops and companies shall receive as public money, to be applied to the payment of those public services which it is their duty to defray, such sums as the non-commissioned officers and soldiers under their command may from time to time desire and be entitled to deposit in the Savings Bank of the regiment.

II. That the maximum of each soldier's deposit shall be limited to 30*l.* in any one year, and to 200*l.* in the whole.

III. That the rate of interest upon deposits shall be 3*l.* 15*s.* per cent. per annum, but that no interest shall be allowed upon any other parts of a pound sterling than 6*s.* 8*d.* and 13*s.* 4*d.*, nor upon any sums that have not remained in deposit for at least one month, to be reckoned from the last monthly muster-day, and that interest shall only be allowed upon sums withdrawn up to the muster-day preceding the day the deposit is withdrawn, unless such day shall be the muster-day.

Interest upon all sums in deposit shall be added to the principal quarterly, and shall thenceforward bear interest.

IV. That when a soldier shall be desirous of withdrawing the whole or any part of his deposit, he shall give at least seven days' notice to the captain or officer commanding the troop or company to which he belongs, in order that the necessary arrangements may be made for repayment of the amount at the next day of monthly muster; but if such captain or officer commanding shall be satisfied of the urgency of the case, and that the immediate withdrawal of the deposit would be for the advantage of the soldier, he may direct payment to be forthwith made.

Whenever the officer commanding the troop or company shall have grounds for believing that the soldier intends to make an improper use of his money, he will be permitted to withhold the privilege of withdrawing the deposit until the Commanding Officer of the regiment shall determine whether it should be then issued or not; and should the officer commanding deem it essential to the discipline of the regiment to withhold from a soldier the privilege of withdrawing his deposits, he shall report specially to the Commander-in-Chief and to the Secretary-at-War the circumstances under which he has felt himself compelled to exercise this power.

V. That all monies deposited by the soldier in the Regimental Savings Bank shall be held strictly in trust for his own use and benefit, and shall on no account be transferable to any third party, either by endorsement, conveyance, or otherwise, and shall not be affected by any debts contracted by him, nor be made available for any purpose whatever, except under his own order, signified to the officer commanding his troop or company: and such monies shall, if possible, be paid to the soldier personally, and in all cases his receipt shall be obtained, and shall be attached to the Troop or Company Savings Bank Ledger.

VI. That upon the discharge of a soldier, his deposits may remain at inte-

rest in the Regimental Savings Bank for a period not exceeding six months, after which time interest shall cease; but, if required by the soldier, the principal may be retained without interest for a longer period for security.

VII. That at the death of a soldier interest on his deposits shall cease from the muster-day next after his death, and the amount of his deposits, with the interest accumulated thereon, shall be added to his other effects, and be reported to Our Secretary-at-War, to be disposed of in the usual manner to the legal representative of the deceased, as prescribed in Our Articles of War.

VIII. That a soldier convicted by a Court Martial of desertion, or recorded by a Board of Officers in the usual manner as a deserter, shall forfeit to the public all monies he may have in the Regimental Savings Bank, and such forfeiture shall only be remitted by Our authority, signified by our Secretary-at-War.

IX. That to prevent parties not in military employ from availing themselves of the advantages afforded by these Banks, as well as to prevent larger sums from being accumulated at interest for any one soldier than is permitted by this Warrant, no non-commissioned officer or soldier is, on any pretence whatever, to deposit in his own name the money of another person, whether a soldier or not; and in case any soldier shall so deposit the money of another person, we hereby direct that, in addition to any punishment which a Court Martial may award for the fraud thus committed, all sums so deposited shall be forfeited to the public, and one-half of the amount, not exceeding 5*l.*, shall be allowed to the informer.

X. That a non-commissioned officer shall be selected by the officer commanding, to act as clerk to the Regimental Savings Bank, and that such clerk shall be allowed for keeping the accounts of the depositors such compensation as Our Secretary-at-War shall direct.

XI. That instructions as to the mode of accounting for the deposits made under this warrant be issued, from time to time, by Our Secretary-at-War.

XII. That during active operations in the field, or whenever circumstances may render it impracticable to attend to the details of the Savings Banks, the General Officer in command may direct the temporary suspension of this warrant; but all sums then actually in deposit under the provisions of this warrant shall bear interest in the same manner as if the warrant had not been suspended.

XIII. Such special deviations from the foregoing rules and regulations as may appear advisable to Us, will be directed by Our Secretary-at-War, with whom alone it rests to interpret the true intent and meaning of any passage in this warrant upon which a doubt may arise.

Given at Our Court at Windsor, this 11th day of October, 1843,
in the Seventh year of Our Reign.

By Her Majesty's Command.

H. HARDINGE.

**INSTRUCTIONS REFERRED TO IN THE WARRANT FOR ESTABLISHING AND
REGULATING REGIMENTAL SAVINGS BANKS.**

I. In the Orderly Room of every regiment or dépôt of cavalry and infantry, there shall be kept under lock and key, under the inspection of the Commanding Officer, the Officer second in command, and the Adjutant, a Regimental Savings Bank Ledger, in which shall be entered the Savings Bank account of every soldier.

II. The entries shall be made in the Regimental Ledger by troops or companies, so that the amount of each troop or company shall be kept separate, and upon the transfer of a soldier from one troop or company to another, a transfer of his account shall be made in the Regimental Savings Bank Ledger.

III. The Clerk selected and appointed by the Commanding Officer shall make all the entries in the Regimental Savings Bank Ledger.

IV. Each Captain or officer commanding a troop or company shall keep a Savings Bank Ledger for the accounts of the non-commissioned officers and men of his troop or company.

V. The Regimental Ledger and the Troop or Company Ledger are to be prepared upon the accompanying Form No. 1.

VI. Deposits of Savings (not under one shilling) can only be made, and entered in the Troop or Company Ledgers, and in the Regimental Ledger, once in each month, viz. on the day of monthly settlement, when all sums withdrawn will be also entered. The Captain or officer commanding the troop or company will, by his signature in the Troop or Company Ledger, acknowledge the receipt of all deposits made, and the soldier will in like manner acknowledge the receipt of all sums withdrawn.

VII. The Captain or officer commanding the troop or company will appropriate to the payment of his men the balance in his hands, and will draw upon the Paymaster for any sums he may require to repay deposits withdrawn, and the credit or debit of the Savings Bank account will appear in the monthly abstract for each troop or company. Immediately after the monthly muster the Captain or officer commanding the troop or company will send a statement of his receipts and payments in the Form No. 2, herewith annexed, to the Orderly Room, that the account of every soldier may be entered in the Regimental Savings Bank Ledger. From these several statements an account will be prepared of the balance of the total receipts and repayments in each troop or company in the preceding month, and being signed by the officer commanding, the officer second in command, and the adjutant, will be transmitted by the Commanding Officer to the Regimental Paymaster, or Acting Paymaster, to enable him to compare the same with the receipts and payments stated in the several troop or company abstracts, and as an authority to him to charge or credit the captains with such sums as they may have received or paid.

VIII. At the end of every quarter the Troop or Company Ledgers are to be compared with the Regimental Ledger by the Officer commanding, the Officer second in command, and the Adjutant, and the Officer commanding

will transmit to the Secretary-at-War each quarter a certificate, in the Form annexed No. 4, that this comparison has been made. Should a Troop or Company be absent from head quarters, the comparison of the Ledger of that Troop or Company may be deferred until it return to head-quarters; but such delay must be reported upon the Quarterly Certificate, and a Certificate, duly signed, that the comparison has been made, must be transmitted to the Secretary-at-War upon the return of the said Troop or Company to head-quarters.

IX. The Regimental Savings Bank Ledger, certified by the Commanding Officer, the Officer second in command, and the Adjutant, to have been compared with the several Troop or Company Ledgers, and the monthly statements of each troop or company are to be transmitted to the War Office at the end of each year so soon as the balances of each depositor shall have been carried forward into the Regimental Ledger of the succeeding year, but within the time prescribed for the transmission of the Quarterly Pay List to the 31st of March.

X. The Secretary-at-War, after auditing the Savings Bank Ledger, and satisfying himself that the money has been duly brought to account by the Paymaster, will furnish the officer commanding the regiment with a declaration that the account of the Regimental Savings Bank, to that date, has been audited and found correct, and will become responsible to the depositors that the amount due to each, with interest, shall be paid out of public money.

The declaration of the Secretary-at-War will be preserved in the Orderly Room; and the Commanding Officer will notify to the officers commanding troops or companies that the account of the Regimental Savings Bank has been audited to that date, and admitted by the Secretary-at-War to be correct.

CIRCULAR, No. 919.

WAR OFFICE, 30th November, 1843.

SIR,

With reference to Sir Henry Hardinge's Letter of the 31st October last, transmitting for your information Copies of Her Majesty's Warrant for establishing and regulating Savings Banks in each Regiment of Cavalry and Infantry, I am now directed to transmit to you a further supply of these Warrants for the use of the Captains, Pay Sergeants, and Men of the Regiment under your command.

I transmit herewith Forms to be prepared Monthly by each Captain, showing the amount deposited with him, or withdrawn from him, by each man; and also for the Monthly Statement, to be prepared in the Orderly Room for the use of the Paymaster, showing the amount deposited, the amount withdrawn, and the balance received or paid by the several Captains of the Regiment.

I forward also a supply of Troop or Company Ledgers for the use of the several Captains, and of sheets to form the Regimental Ledger. In preparing the Regimental Ledger, one sheet is to be headed for each Troop or Company, and upon that sheet is to be opened the account of each Depositor belonging to that Troop or Company; and as each sheet is filled, repeated

sheets are to be added, in order that the Accounts of the Depositors of each Troop or Company may be kept separately and consecutively.

On the 31st March next, each Man's account is to be closed, and the balances are to be carried to new Sheets by Troops or Companies, to form the next year's Regimental Savings Bank Ledger. The Accounts to the 31st March next, together with the prescribed Abstracts, having been stitched by Troops or Companies into a Book, are to be duly examined and certified, and transmitted to the Secretary-at-War for audit.

I am to point out to you, that by the enactments for the General Savings Banks of the Country, it is not lawful for any person who shall have monies in deposit in one Savings Bank to make a further deposit in another Savings Bank, but deposits may be transferred from a Savings Bank, upon Certificates of one or more of the Trustees of such Bank, stating the whole amount of the deposit, with the interest due, and may be placed in deposit in another Savings Bank. The Secretary-at-War cannot therefore sanction the deposit of any money in the Regimental Savings Bank by a Soldier who has already money invested in another Government Savings Bank, but a Soldier will be permitted to withdraw any sum he may have in deposit in any one of the Government Savings Banks, together with the interest due thereupon, and place it in the Regimental Savings Banks, although the amount thereby deposited may exceed 30*l.*, subject, however, to the limitation prescribed, that (excluding the deposits of former years) no more than an aggregate of 30*l.* shall be deposited by any one individual within the year of deposit.

Thus, if a Soldier withdraw from the Government Savings Bank 45*l.*, of which 15*l.* had been placed in deposit on or after the 1st April preceding, he can only be permitted to deposit at interest in the Regimental Savings Bank a further sum of 15*l.* within the year ending the next 31st March.

A Soldier who has money in a Government Savings Bank, and wishes to become a Depositor in the Regimental Savings Bank, but who, from being on Foreign Service, or at a place at home distant from the place in which his money is deposited, is unable personally to attend to withdraw his property, must give an order, on the annexed Form, for the withdrawal of his deposit, with the interest due thereupon, in favour of the Regimental Agent, signed by the Depositor himself, in the presence of and witnessed by the Officer Commanding, the Officer Second in Command, or the Adjutant of the Regiment, which order is to be transmitted by such Officer to the Secretary-at-War, to be by him forwarded to such Regimental Agent, who, on obtaining the amount, and the Certificate of the Trustee or Manager of the Government Savings Bank, will acquaint the Secretary-at-War, for the information of the Commanding Officer, with the date of payment, and the amount received, specifying how much of it had been placed in deposit on or after the preceding 1st April. The Secretary-at-War will then authorize the Officer commanding to direct the insertion of the amount in the account of the Soldier in the Troop or Company Ledger, and in the Regimental Savings Bank Ledger, and will allow interest to be calculated upon it from the next Monthly Muster Day after the date of receipt by the Regimental Agent.

From the time of signing the order, the Soldier will be permitted to invest his further savings in the Regimental Savings Bank; but as he can only legally be permitted to invest 30*l.* in one year, including the amount of the Deposits of that year received from the Government Savings Bank, he will

be liable to have interest disallowed upon any sum exceeding 30*l.*, which may have been actually placed by him in deposit in that year.

If a Soldier be in possession of a sum exceeding 30*l.*, not invested in a Government Savings Bank, he may at once deposit the whole in the Regimental Savings Bank for security, but interest can only be allowed upon 30*l.* until the succeeding 31st March, after which date interest may be allowed upon a further sum not exceeding 30*l.*

In selecting a Non-Commissioned Officer or Soldier to make the proper entries in the Regimental Savings Bank Ledger, you will take care that the individual selected shall perform this duty in addition to his other Regimental duties, so as to prevent any augmentation of the Regimental Staff. The following allowance may be granted:—

If the depositors are under 50.....	2 <i>s.</i> 6 <i>d.</i> a month.
If 50 and under 75	3 <i>s.</i> 6 <i>d.</i> a month.
If 75 and under 100	4 <i>s.</i> 6 <i>d.</i> a month.
If 100 and under 150	6 <i>s.</i> 0 <i>d.</i> a month.
If 150 and under 200	7 <i>s.</i> 6 <i>d.</i> a month.
If 200 and upwards	10 <i>s.</i> 0 <i>d.</i> a month.

It is the wish of the Secretary-at-War that every facility should be afforded, without any delay, to the Soldier to make his deposits in the Regimental Savings Bank, in order that he may have the benefit of interest upon such Deposits from the next day of Monthly Muster, agreeably to the Rules of her Majesty's Warrant.

CIRCULAR, No. 920.

WAR OFFICE, 6th December, 1843.

SIR,

I am directed to state for your information and guidance, that Agreements have been entered into with the Railway Companies mentioned in the annexed List, for the conveyance of the Horses of Field and Staff Officers of Infantry when proceeding by Route with Regiments or Detachments on Railways, and likewise for the conveyance of sick Horses of Cavalry Regiments when specially authorized, at the following Rates, viz.:—

For any distance not exceeding 50 miles 4*d.* per mile each Horse.

Ditto, beyond 50, and not exceeding 100 miles. 3½*d.* do. do.

Ditto, exceeding 100 miles.....3*d.* do. do.

In the former case the route or other satisfactory document, and in the latter case the order of the Commanding Officer of the regiment or detachment, should be produced at the Railway Station, as the authority for the conveyance of the Horses; and the said vouchers, together with the written approval of the principal Veterinary Surgeon, in regard to sick Horses, should be annexed to the charge in the Public Accounts for such convey-

ance, care being taken that the principal Veterinary Surgeon be furnished with all the particulars which he may require on the latter head.

The entire length of the Birmingham and Gloucester and of the London and Brighton Railways, respectively, being little more than fifty miles, the charges for the whole of these lines, if actually used, will be admitted at 4*d.* a mile.

CIRCULAR, No. 920.

SIR, WAR OFFICE, 6th December, 1843.

I am directed to state for your information and guidance, that Agreements have been entered into with the Railway Companies mentioned in the annexed List, for the conveyance of the Horses of Field and Staff Officers of Infantry when proceeding by Route with Regiments or Detachments on Railways, and likewise for the conveyance of sick Horses of Cavalry Regiments when specially authorized, at the following Rates, viz.:—

For any distance not exceeding 50 miles 4d. per mile each Horse.

Ditto, beyond 50, and not exceeding 100 miles . 3½d. do. do.

Ditto, exceeding 100 miles 3d. do. do.

In the former case the route or other satisfactory document, and in the latter case the order of the Commanding Officer of the regiment or detachment, should be produced at the Railway Station, as the authority for the conveyance of the Horses; and the said vouchers, together with the written approval of the principal Veterinary Surgeon, in regard to sick Horses, should be annexed to the charge in the Public Accounts for such conveyance, care being taken that the principal Veterinary Surgeon be furnished with all the particulars which he may require on the latter head.

The entire length of the Birmingham and Gloucester and of the London and Brighton Railways, respectively, being little more than fifty miles, the charges for the whole of these lines, if actually used, will be admitted at 4d. a mile.

INSTRUCTIONS for Regimental Veterinary Surgeons with reference to the War Office Circular of 6th December, 1843, No. 920, notifying the Arrangements made with certain Railway Companies for the **CONVEYANCE OF SICK HORSES** of Cavalry Regiments.

Clapham, 12 Jan. 1844.

WITH reference to the above Circular Letter, it appears necessary to issue some detailed Instructions for the guidance of Regimental Veterinary Surgeons on this head.

The measure has for its object the following advantages, viz.—

1. To provide better attendance for Horses unable to march with their Regiment, or any Detachment thereof, or which become disabled when on Detachment to an extent requiring the aid of a Private Practitioner.

2. To relieve small Detachments of Cavalry from the incumbrance of inefficient Horses.

3. To prevent deterioration in the discipline of Men from their being left individually without adequate military control in charge of detached Sick Horses.

4. To diminish the frequency of recourse to Private Veterinary Practitioners, and thereby to lessen the number of Bills, and the consequent charges for such private attendance.

It is to be clearly understood that only such Horses as are unable to march are to be forwarded by Railway Conveyance; which, however, is to be resorted to in all such cases under the circumstances hereafter mentioned, if the state of the Horse admits of removal without manifest risk of injury.

In small Detachments, which require to be kept efficient to a given strength, some degree of latitude may be allowed in regard to casualties which appear to be of more than a temporary nature, when Horses, though not absolutely unable to march, may, in especial cases, be transferred to their Troop by Railway.

A like course may also be taken with Horses of detached Troops, by sending them to Head Quarters, when their maladies are beyond the skill of a Troop Farrier, and they are too distant to be attended by the Regimental Veterinary Surgeon.

Many of the stopping Stations on the several Lines of Railway are not adapted for the reception of Horses, but those at which Horses are received may be readily ascertained by local inquiry.

A few days' rest will often suffice to enable a Horse again to march; in such cases, when Regiments or Detachments follow the course of a Railway Line, or again approach it, such Horses by being sent forward may be able to rejoin the Party they belong to, or they may be carried on, so as to be brought within reach of the Veterinary Surgeon.

It is impossible to fix the exact distance within which Horses may be sent to a Railway Station, or the distance they may be allowed to proceed on quitting a Station; this will require the exercise of consideration in each particular case.

A Man will, of course, accompany every Horse carried by Railway.

A proper selection of cases, in which the expense of conveyance by Railway may be incurred, is in a measure provided for by the Fourth Article of the Veterinary Regulations, which directs, that the Veterinary Surgeon should march with the last Division.

The locality of any Cavalry Regiment, other than that to which a Horse may belong, must be adverted to; as Article Thirty-one of the Veterinary Regulations directs, that all Army Veterinary Surgeons under the circumstances therein stated are to receive, and take care of, any Government Horses.

Every charge sent for my approval must be accompanied by a full statement from the Veterinary Surgeon of the cause which rendered such charge necessary, and all the attendant circumstances in detail.

It must be borne in mind that the conveyance of disabled Horses by Railway is a novel measure, and therefore any especial circumstances arising out of, or connected with it, of either a favourable or unfavourable nature, are to be collected by Veterinary Surgeons, and by them reported to me.

CIRCULAR, No. 923.

War Office, 28th February, 1844.

In transmitting for your information and guidance a Copy of a new Royal Warrant respecting the Provision of Clothing, Necessaries, Accoutrements, and Appointments for Her Majesty's Regiments of Cavalry, I have the honour to call your attention to the following Alterations in the Regulations under that head, and the mode in which they are to be carried into effect.

Clothing of
Recruits.

- 1.—The 14th Clause contains some specific Rules relative to the Clothing of Recruits, and the mode of granting compensation to them, if finally approved after the proper time for the delivery of the periodical Clothing, and in cases where they cannot be furnished with part-worn Clothing.

Equipment
Money.

- 2.—In consequence of the alteration made in providing the Saddle Blankets in the Light Cavalry hereinafter-mentioned, and the discontinuance of certain other articles of Cavalry Equipment, the allowance, in Clause 22, to Recruits to provide themselves with the necessary Equipment, will be reduced from 2*l.* 6*s.* to 1*l.* 10*s.* 6*d.* for the Heavy Cavalry, and to 1*l.* 2*s.* for the Light Cavalry; except in India, in which Country the Horse-cloth being applicable, the Recruit will receive the same allowance as that for the Heavy Cavalry.

Bounty.

- 3.—The difference in money, however, is not to be taken away from the Soldier:—in the Light Cavalry, instead of the Saddle Blanket, he will have to maintain, as an Article of necessaries, another Flannel Waistcoat; but the amount saved on the Equipment will be added to the Recruit's bounty: and further, in order to place Recruits for heavy and Light Cavalry as nearly as possible upon an equal footing, the same Sum, viz., 1*l.* 4*s.* will be added to the Bounty of each, making the total sum for Bounty and Equipment Money in the Light Cavalry, 6*l.* 17*s.* 6*d.*, and in the Heavy Cavalry, 7*l.* 6*s.*, (which includes 8*s.* 6*d.* more for the value of the Horse-cloth,) and which allowances, upon the discontinuance of two pair of White Trowsers in the List of necessaries, and some other small articles of Equipment, it is estimated, will be amply sufficient for the complete Equipment of each Recruit, without his incurring any debt on Enlistment; the intention being to obviate the dis-

couragement under which the young Soldier has heretofore laboured in that respect. This alteration will take effect as regards Recruits enlisted on or after the 1st April next.

- 4.—As a further means of securing this desirable object, it is directed in Clauses 23 and 24, that Soldiers shall not be put under stoppages, without special authority previously obtained, for any articles of necessaries or Regimental Equipment not mentioned in the established Schedules, nor for the purpose of providing or replacing any articles of Clothing not required by Regulation to be paid for by them, unless such stoppage be rendered necessary by gross negligence, or wilful damage on the Soldier's part. Soldiers' Stoppages for Clothing or Necessaries.
- 5.—In future, men enlisted for a new levy, or an augmentation, are directed by Clause 15 to be clothed in the same manner as ordinary recruits, and therefore the Colonel will receive Off-reckonings accordingly, as provided by the 5th Clause. Augmentations.
- 6.—By the 7th Clause it is required that the Undress or Stable Jacket, which has hitherto been only partly lined in the Heavy Cavalry, and entirely unlined in the Light Cavalry, is in future to be provided by the Colonels, *completely lined*, except for Regiments in India. Stable Jacket.
- 7.—In the 8th Clause an alteration has been made, prescribing an earlier period for dispatching the Clothing for Regiments in North America, so that it may be always brought into wear at the time prescribed by Regulation. Periods for Dispatch of Clothing.
- 8.—The 10th Clause directs that in all cases in which Clothing may be authorized to be supplied in materials, it shall be dispatched 3 months earlier than the time prescribed when it is to be sent made up.
- 9.—The 17th Clause contains some rules relative to the claims of Soldiers to Clothing, who have been confined under Sentence of a Civil or Military Court. Soldiers in Confinement.
- 10.—The 18th Clause relates to the Clothing of Sergeants reduced, or newly appointed. Sergeants' Clothing.
- 11.—Some further instructions have been added in Clauses 28, 30, 32, and 33, as to the provision of Soldiers' necessaries, and as to the duties of keeping the Stores and the Accounts thereof at Head Quarters. Provision and Store of Necessaries.
- 12.—It has been deemed expedient to direct that, in Light Cavalry Regiments, in which Saddle Blankets are used, those articles should in future be provided by the Colonel, in proportion to the number of Saddles maintained in the Regiment, so that the Blanket may be considered at all Saddle Blanket.

times as a part of the Saddle, instead of being classed as an article of necessaries to be paid for by the Soldier, (thus causing him to be placed under heavy stoppages for the purchase thereof,) and the Blanket being liable to be taken away by the man when absent from duty.

- 13.—As an equivalent for the Saddle Blanket being provided as an article of appointment by the Colonel of Light Cavalry, the Soldier will in future furnish himself with another Flannel Waistcoat, in lieu of that hitherto supplied biennially by the Colonel to the Soldier, and valued at about 3s. 6d. But in cases of augmentation to the Establishment, the first supply of Saddle Blankets will be defrayed by the Public as an article of appointment.

- 14.—The transfer of the Saddle Blanket from the Soldier to the Colonel will take effect from 1st April, 1844, according to the following Rules.

The number of Blankets hereafter to be maintained is not required to exceed the number of Horse Appointments.

A Board or Committee, Regimentally, or by Troops (as may be best suited to the situation of Regiments), to be appointed in the month of March next to inspect, and to estimate the assumed duration of each Blanket.

No Blanket to be considered in a transferable condition which shall not be calculated to continue serviceable for at least two years from 1st April, 1844, and the duration of no Blanket is to be assumed for a longer period than eight years.

For each year, which the Blanket now to be transferred from the Soldier to the Colonel is calculated to last, the Colonel shall grant compensation to the Soldier at the rate of two shillings. If the Blanket is not calculated to last two years, or should not be selected for transfer, it shall be sold under such precautions as the Commanding officer may think proper to adopt, and the produce thereof paid to the Soldier.

- 15.—I have the pleasure to add, that, after a minute enquiry into the actual Expenditure required for furnishing the Clothing, and maintaining the Accoutrements and Appointments of a Regiment of Cavalry in an efficient state for Service, Her Majesty has been graciously pleased to approve of the following alterations in the Rules for providing the same, by which the remuneration to each Colonel will be increased, whilst the alterations will at the same time prove beneficial to the Service in general.

- 16.—In Clause 6, an allowance, called the "Colonel's Contingent Allowance," of 100*l.* per annum, is granted to each Colonel of Heavy Dragoons of the Line, Light

Colonel's
Contingent
Allowance.

Dragoons, Hussars, and Lancers, consisting of 6 Troops, with a proportionate addition in Regiments consisting of more than 6 Troops; which allowance is made for the purpose of defraying losses of Clothing from desertion, the allowance usually made to the Quarter Master for the care of the Colonel's Stores at Head Quarters, and for other small Regimental expenses to which a Colonel of Cavalry is liable. But this allowance is not to take effect with respect to Regiments of Cavalry serving in India, until Her Majesty's further pleasure shall be signified thereon.

- 17.—This allowance will be charged in the Agent's Accounts, and is to be credited by the latter to the Colonel's Clothing Account for the period: it is however provided by Clause 2, that all liabilities for Accoutrements and Appointments furnished to replace articles condemned within the period of each Clothing assignment, shall be settled out of moneys received under the said assignment; this allowance will of course be subject to the same rule, and will be included in the balance to be paid over to the Colonel, at the final settlement of each Clothing Account.
- 18.—It has also been deemed expedient to direct that the supply of Swords to the Cavalry generally shall in future be made by the Ordnance Department, in the same manner as all other arms; a measure which, while it tends to promote the efficiency and security of the Service, will prove beneficial to the Colonels. Swords have therefore been omitted in the list of articles to be provided by the Colonel, and accordingly such as may be reported unserviceable after the 1st of April next will be replaced at the Public expense. Swords.
- 19.—In cases of augmentation the Colonels will not be required to provide the first supply of Cloaks out of their Off-reckonings, the same being now included in the List of Appointments. Cloaks:
- 20.—By Clause 35, it is provided, that in lieu of being called upon to produce Tradesmen's Bills to prove the actual cost of the Accoutrements and Appointments for an augmentation, the Colonels shall receive certain commuted rates of allowance, which rates have been divided into the respective proportions for Men's Accoutrements, &c., and Horse Appointments; and are calculated to cover all the expenses thereof according to present prices; with the exception of Freight and Insurance, which will be allowed in addition thereto, when necessarily paid. Accoutrements and Appointments for Augmentation.
- 21.—As this regulation will, in future, relieve each Colonel from the responsibility to which he is at present liable, either to provide, if required for the Public Service, as Horse Appointments for dis-mounted Men.

many sets of Horse Appointments as are equal to the number of dismounted Men in his Regiment; or, if not so required, to pay over to his Successor, at the termination of his interest in the Off-reckonings, the value of such Appointments, according to the present practice of the Service, it has been deemed expedient to require the respective Colonels to deposit at once in the hands of the public the amount of their respective liabilities under this head, and thus to relieve them of all future responsibility for the same either to the public or to their successors;—an arrangement which it is expected will prove preferable to the present practice, by which a Colonel's Estate, or account at his Agent's, is generally subject to a heavy Claim at the termination of his interest in the Off-reckonings.

Carriage of
Clothing, &c.

22.—By the 12th Clause, the Colonel is relieved from the expense to which he was formerly subject, of Inland Carriage in forwarding the Clothing, Accoutrements, Appointments, &c. furnished by him to the Headquarters of a Regiment, or to a Detachment on a Foreign Station, if the Station be more than 20 miles from the port of debarkation.

Marking Ap-
pointments,
&c.

23.—By Clause 36, all articles of Accoutrements and Appointments are required to be marked, as far as practicable, with the date of the year in which issued.

24.—Clause 37 declares that the Sheep-skin is not to be provided in future as an Article of Appointment for Regiments of Light Cavalry serving in India. It is intended however that a covering for the Valise, of a Pattern hereafter to be approved, shall be substituted for the Sheep-skin, to be furnished at the expense of the Colonel.

Annual In-
spections.

25.—In Clause 39, an extension is given to the period within which the Annual Inspection of the Accoutrements and Appointments is to be made, and some instructions are added, as to the mode in which the Inspections are to be made in the cases of Detachments at a distance from Head Quarters.

26.—In Clause 40, a caution has been given to Officers making the periodical Inspection of the Accoutrements and Appointments, to prevent Articles being hastily or unnecessarily condemned as unfit for Service; and which it may be expected will tend to protect the Colonel's interest, without impairing the efficient condition of any Article furnished by him.

Clothing of
Supernume-
rary Men.

I take this opportunity of apprizing you, that the following Rules have been laid down for the remuneration of Colonels for the expense of clothing Supernumerary Men, whenever it

may happen that such Men have been occasionally raised, or borne on the strength of their respective Regiments, by proper authority; but which Rules, not being of general application, have not been included in the Clothing Regulations; viz.,

27.—For the highest number of Supernumerary Rank and File borne on the Monthly Returns of Regiments of Heavy Cavalry, Light Dragoons, and Lancers, as effective, within the first year of the biennial period for which Clothing is issued to the Regiment, an Allowance at the rate of 4*l.* per Man; and for any further excess in the second year of the said period, an allowance at the rate of 2*l.* per Man.

28.—For the highest number of Supernumerary Rank and File borne on the Monthly Returns of Hussar Regiments in the first three years of the quadrennial period for which Clothing is issued to the Regiment, in consideration of the more expensive nature of Hussar Clothing, an allowance will be made at the rate of 8*l.* per Man; and for any further excess in the fourth year of the said period, an Allowance at the rate of 2*l.* per Man.

I have, &c.

Colonel of the
Regiment of Dragoon

(Signed) H. HARDINGE.

CIRCULAR. No. 927.

WAR OFFICE, 4th May, 1844.

I HAVE the honor to transmit for your information and guidance an amended Warrant, regulating the provision of Clothing, Great Coats, Accoutrements, and Appointments for Corps of Infantry; and I have at the same time to call your attention to the following alterations contained therein:—

1.—Bear-skin Caps are discontinued in Clause 6, as applicable to Grenadier and Fuzileer Companies of Regiments of the Line, the ordinary Regimental Cap being substituted in such Companies.

2.—In Corps wearing Highland Clothing; the Colonel's annual contribution towards the provision of those Articles of Equipment which were formerly supplied in kind, but are now included among the Soldier's necessities, has been increased, in Regiments wearing the kilt, to Fifteen Shillings and Sixpence for Serjeants, and to Eight Shillings and Sixpence for Men of other Ranks; and in Regiments wearing the trews, to Thirteen Shillings and Sixpence for Serjeants, and to Six Shillings and Sixpence for Men of other Ranks.

It is intended by this alteration, that the allowance should more nearly correspond with the value of the articles to be provided, as well as with the charge to which the Colonel was formerly liable, when he supplied those articles in kind. In making this adjustment, however, the total rate of compensation for the entire Clothing has not been disturbed, as the valuation prices of some other Articles of Clothing admitted of a reduction.

3.—In the Ceylon Rifle Regiment, an allowance is granted to the Soldier in lieu of Boots, which it is found can be more conveniently furnished on the Station.

4.—In the 8th Clause an alteration has been made, prescribing an earlier period for dispatching the Clothing for Regiments in North America, so that it may be always brought into wear at the time prescribed by Regulation.

5.—By Clause 12 the Colonel is absolved from the expense, to which he was formerly subject, of Inland carriage, in forwarding the Clothing and Accoutrements furnished by him to the Head Quarters of a Corps, or to a Detachment on a Foreign Station, if the Station be more than twenty miles from the Port of Debarkation.

6.—By the late Warrant it was provided, that when no part-worn Clothing was in store available for Recruits, the Men who enlisted between the 15th April and the 31st December were to receive new Clothing from the Colonel, but were to be charged in their accounts with the value thereof, minus the regulated compensation for as many months as might be due to

them for the unexpired part of the year; viz. from the respective dates of their final approval, to the date when the next year's Clothing would become due.

This Regulation having been found to operate severely in some cases, particularly in regard to men enlisting in the latter end of a year, who have unavoidably been subject to heavy stoppages on that account; it is provided in Clause 13 of the present Warrant, that Recruits enlisted in the months immediately preceding January, but not joining the Ranks from drill before that month, shall be treated as Recruits enlisting on or after the 1st January, and receive Clothing on account of the following year, which Clothing is to be worn from January to the end of the subsequent military year, the Recruit receiving the regulated compensation in money from the date of his final approval to the 31st March following.

This provision will therefore, in general, obviate the necessity of furnishing new Clothing to Recruits, when wanted to be worn only during the last half of the military year, or even for a few months.

7.—Commanding Officers should likewise forbid Recruits being placed under Stoppages for Articles of Clothing or necessaries, not actually required by them before they join the Ranks; and if any partly worn Articles can be found, the same should be furnished, rather than the Recruit should be placed in debt to his Captain.

A due attention to these Rules will prevent the necessity of placing a recruit under heavy stoppages, to cover a debt incurred immediately after joining his Regiment—a circumstance which cannot fail to be discouraging to young Soldiers.

8.—Clause 16 contains some rules relative to the claims for Clothing of Soldiers who have been confined under sentence of a Civil or Military Court.

9.—Clause 17 contains a provision relative to the Clothing of Serjeants newly appointed.

10.—In Clause 20, besides the alterations already adverted to in the second paragraph, as made in the scale of compensation for Highland Clothing, there are some changes in the rates of allowance to be made for certain Articles of Clothing in Infantry generally, in order that the rates may correspond more nearly with the relative value of the Articles, but without affecting the total rates of compensation for the respective Ranks, which remain the same in all cases.

11.—In Clause 21, under the head of Necessaries, the Turnscrow and Worm, and Gun-stopper are omitted in the Schedule, those Articles being now supplied by the Board of Ordnance. The Brush and Picker, not being required for Percussion Arms, are also discontinued.

12.—It is directed, in Clauses 22 and 23, that Soldiers shall not be placed under Stoppages, without special authority previously obtained from the Secretary at War, or the Commander of the Forces, for any Article of Necessaries or Equipment other than those established by Regulation, nor

for the purpose of providing or replacing any Article of Clothing not required to be paid for by the Soldier, unless such Stoppage be rendered necessary by gross negligence or wilful damage on the part of the Man. And I have to observe that, in the case of a well conducted Recruit, it is desirable that the Stoppage should not exceed 2d. a day, which it is considered will be found ample to pay for any article immediately wanted, and which may not be covered by his Bounty.

13.—Clause 24 declares the *maximum* Stoppage to which the Pay of a Soldier is liable for Necessaries. The attention of Commanding Officers should be constantly directed to the enforcement of this Regulation, and to that in the same Clause, which limits the power of stopping the pay of Soldiers *in advance* towards the provision of Necessaries, to particular occasions only, as therein described.

14.—Clauses from 27 to 31 contain some additional rules relative to the provision of Necessaries at the Head Quarters, and to the duties of keeping the Store and Accounts thereof,

15.—In Clauses 37, 39 and 40, are added some further rules respecting the Returns of Great Coats to be made by each Regiment, the delivery of unserviceable Great Coats into Store, and the issue of new ones, to which rules the attention of Commanding Officers should be given, so that these Public Stores may be accurately accounted for. And to this end, and that the proper Officer may be held responsible whenever any Great Coats are missing, care should be taken always to forward a Transfer Return, in the prescribed Form, whenever Great Coats are transferred from one Corps or Division of a Regiment to another.

16.—Clause 42 directs all Accoutrements and Appointments to be marked, as far as practicable, with the date of the year in which issued.

17.—I take this opportunity of stating that, upon a comparison of prices at present paid by Regiments at various Stations at Home for the several Articles of Regimental Necessaries, it has been ascertained that, with proper economy, the full equipment of a Recruit with every article in the established schedule, ought not to exceed in a Regiment of Infantry of the Line, Three Guineas, nor in a Highland Corps, Five Guineas.

18.—To meet this Expenditure, a new Distribution of Levy Money will be issued under the Authority of the Commander-in-Chief, so arranged that the Recruit of an ordinary Regiment of Infantry will receive a sum of £3 10s. if enlisted in a Recruiting District, in the shape of final Bounty—or a Bounty of £4 if enlisted at the Head Quarters of his Regiment.

19.—Recruits for Highland Corps, being liable to a much heavier expense than other Recruits for the first provision of their Necessaries, which includes the National Equipment peculiar to those Corps—will receive a Special Allowance of One Pound Five Shillings each in aid of his Equipment, and in lieu of the extra Bounty of Ten Shillings formerly granted. But this Allowance is not to be issued until the Recruit is certified to be fit for Duty

as a Soldier, and the amount is to be held liable to be recredited to the Public out of the Man's effects, should he not remain effective Twelve Months in the Regiment.

This Allowance, added to the Recruit's final Bounty and to the Colonel's Contribution of 8s. 6d. towards the provision of Highland Articles, will, if the Man be enlisted in a District, amount together to the sum of £5 3s. 6d., and if he be a Head Quarter Recruit to £5 13s. 6d., so that with proper care and attention little or no Debt should be incurred by a Highland Recruit on first enlistment.

20.—I have to add, that the following Rules have been laid down for the remuneration of Colonels for the expense of Clothing Supernumerary Men, whenever it may happen that such Men have been occasionally raised or borne on the strength of their respective Regiments by proper authority ; but which Rules, not being of general application, have not been included in the Clothing Regulations : viz.—

	£	s.	d.
For the highest number of Effectives above the Establishment, borne on the Monthly Returns between 1st April and 30th June, the full Annual Off-reckonings for each Man	2	6	0
For any further Excess between 1st July and 30th September, two-thirds of the Off-reckonings	1	10	8
For any further Excess between 1st October and 31st December, one-half	1	3	0
For any further Excess between 1st January and 31st March, one-sixth	0	7	8

subject to the deduction of Off-reckonings for any Serjeant or Drummer borne on the Establishment but not Effective for any part of the same year.

I have the honor to be,

Your most obedient,

Humble Servant,

H. HARDINGE.

Colonel of the
Regiment of Foot.
